

Cholera Outbreak - Madhesh Province

Situation Report #16: 07-September-2025, 6:00PM

Case Summary

New Cases
(in 24 Hr)
53

Total Cases
1171

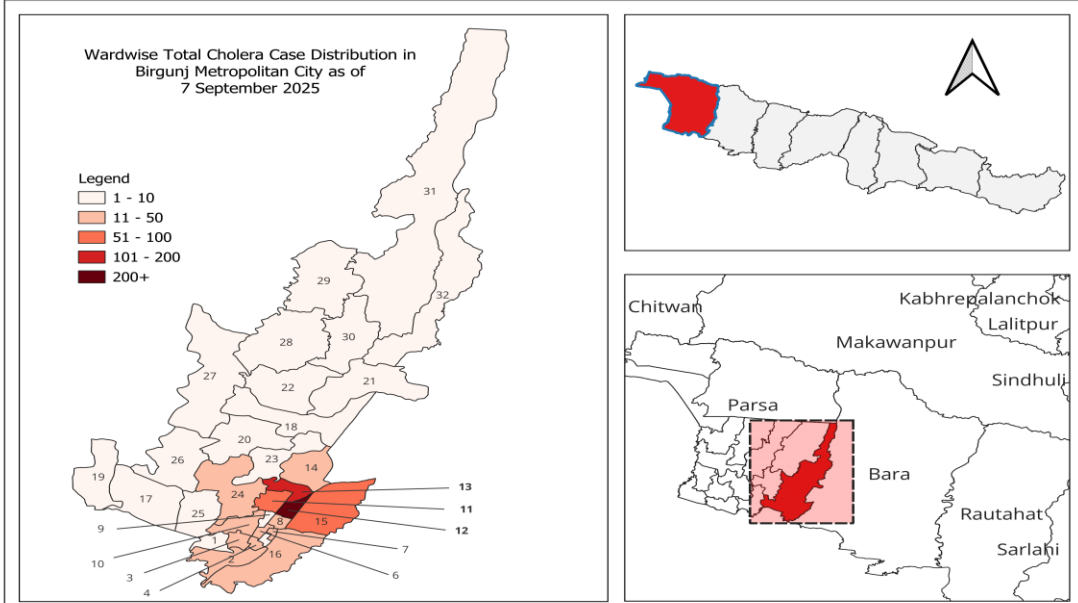

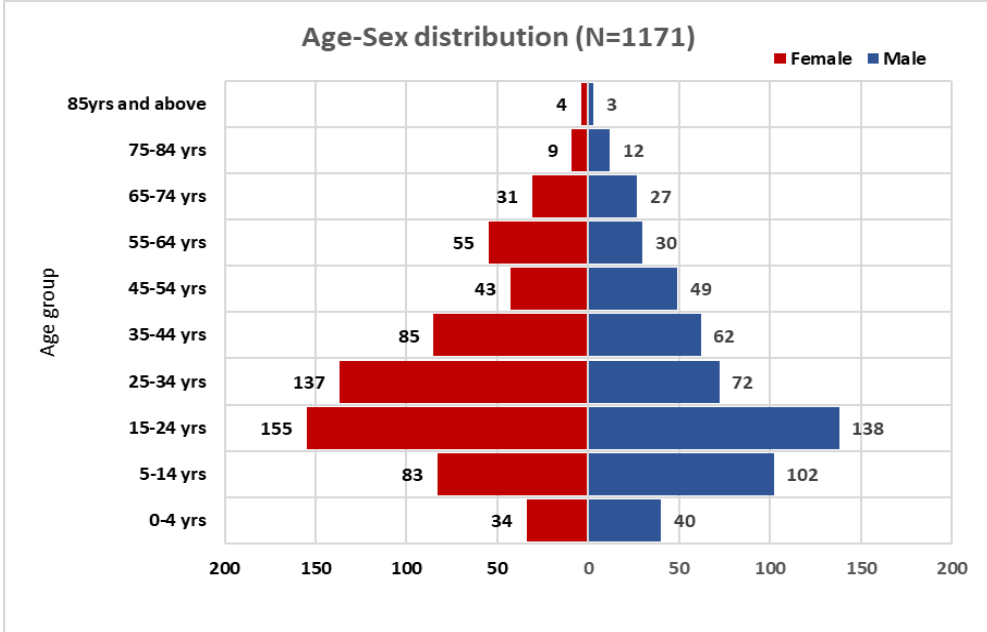

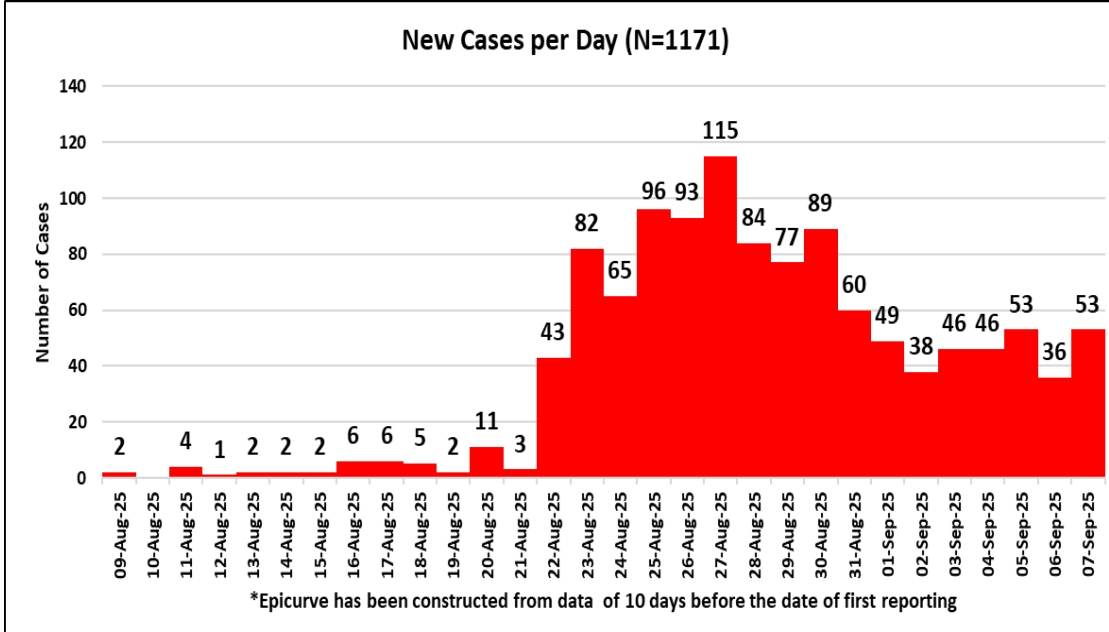

Recovered Cases
1074

Active Cases
97

Key Highlights:

- A practical orientation on chlorination for water purification was conducted in eight schools located in highly cholera-affected areas of Parsa District, focusing on the correct dosage, preparation, application methods, and safe storage of chlorinated drinking water.
- Follow-up of the active cholera cases identified through the community-based survey by Birgunj Metropolitan City was continued, with counseling provided to the patients and referrals made to hospitals for further management.
- Birgunj Metropolitan City, together with UNICEF, SODCC, and NRCS, initiated WASH promotion booths.
